School Profile

St. Bernadette's Primary School is a Catholic School with a current enrolment of 350 children from Prep to Year 6. Our school motto 'God loves us - let us love God' speaks of the school community commitment to one another and to living as Christians.

We pride ourselves on our multicultural diversity and we encourage respect and acceptance of all.

The school was founded in 1957 under the leadership care of the Augustinian Sisters and there are still members of the order who are active in both the school and parish community.

Our mission and vision affirm the importance of a secure, safe and stimulating environment for all.

Enrolment Information

We commence the enrolment process by completing an enrolment enquiry form and work through many steps together until the children have settled.

1. The interview with the Principal
2. Tours to see the school in action
3. Transition includes school visits, information night and orientation day.

Enrolment enquiry forms available from the school office or online.

Complete form and return as soon as possible with copies of required documents.

School Curriculum

At St. Bernadette's we offer a comprehensive, balanced curriculum encompassing:

- Religious Education
- English
- Mathematics
- Information and Communication Technology (ICT)
- The Arts
- History
- Science
